

BEAT THE HEAT

Our experienced Climate Control specialists support the NHS, trusts and estates with cost-effective portable and temporary air conditioning solutions.

We're offering unique early bird offer to assist the NHS with summer heat contingency plans. Our offer includes:

- FREE delivery and installation on all air con units between April and May.
- Reduced hire rates specifically for the NHS.
- Modern cooling equipment installed and ready to use ahead of summer.
- Use of equipment is free until Met Office forecasts an external temperature 23°C, whereupon an agreed 6-week hire contract will commence.
- There will be no charge if external temperatures do not reach 23°C. Equipment will be collected free of charge at the beginning of September.

Our early bird offer is a **flexible** and **cost-effective** way of ensuring that you're well-prepared for the hot weather and committed to providing a safe and stable environment for staff, patients and equipment.
