

CONFINED SPACE TRAINING

SBR CS-1 WORKING IN MEDIUM RISK CONFINED SPACES

This course is for people who work in medium risk environments and includes preparing to work, entering and exiting confined spaces safely and using equipment and tools. The aim of this course is to reflect the national occupational standard for a medium risk confined space environment.

Learning outcomes:

1. Prepare to work safely in medium risk confined spaces.
2. Enter and exit a confined space safely.
3. Use equipment and tools safely.
4. Follow working procedures and work safely.
5. Deal with emergencies.
6. Understand the principles of working in medium risk confined spaces.
7. Understand standard protocols for working in medium risk confined spaces

Maximum Delegates: 10

Course Duration: 8 hours (1 day)
